

Some words

Some words are dizzy like roundabout
Some words are oval like egg
Some words are funny like giggling
Some words are desperate like beg

Words, words, words
What would we do without words (x 2)

Some words are sweet like marzipan
Some words are friendly like 'Hi'
Some words are different like natterjack
Some words are questions like 'Why?'

Words, words, words
What would we do without words (x 2)

Some words are tasty like sausages
Some words are scary like ghost
Some words are horrid like medicine
Some words are golden like toast

Words, words, words
What would we do without words (x 2)

Some words excite us like holiday
Some words are warming like glove
Some words remind us like memory
One word we must have is love...

CHORUS
Words, words, words
What would we do without words (x 2)
